This section is provided as an aid in describing the individual. Your description is not favorable or unfavorable in itself but acquires its meaning in relation to a particular job or assignment. The descriptive words are to be interpreted literally.

On the left hand side of the page below are a series of statements that apply in some degree to most people. On the right hand side of the page are four major categories of descriptions. The scale within each category is divided into three small blocks; this is to allow you to make finer distinctions if you so desire. Look at the statement on the left - then check the category on the right which hest tells how much the statement applies to the perment on the left - then check the category on the right which hest tells how much the statement applies to the partial son you are rating. Placing an "X" in the "Not Observed" column means you have no opinion on whether a phrose applies to an individual. Placing an "X" in the "Does Not Apply" column means that you have the definite opinion applies to an individual.
